

The Minnesota Food Shelf Program (MFSP) COVID-19 State Grant was a one-time appropriation from the Minnesota Legislature administered by the Minnesota Department of Human Services' Office of Economic Opportunity (MN DHS OEO) and Hunger Solutions Minnesota.

Minnesota food shelves received \$2.5 million to purchase food, diapers, toilet paper and other necessary supplies. Eligible food shelves each received \$2,000 each in base funding with the remaining fund balance allocated using the Minnesota Food Shelf Program formula, which is based on number of individuals served.

The following food shelves received funding:
