

There are 3 buildings that you will have your meetings in. The State Office Building (SOB) and the Minnesota Senate Building (MSB). Unless otherwise indicated, your meetings with your State Representatives will take place in the State Office Building, and meetings with your State Senators will be in the Minnesota Senate Building.

State Office Building (SOB)

Elevators are in the center of the first floor, in the lobby area.

The first number in your legislator's office number is the floor where their offices are located. For example, if their office is 300, you will want to visit the 3rd floor.

Minnesota Senate Building (MSB)

To find the elevators, enter the building and walk straight. Take the hallway on your left. When that hallway comes to a T, take a right. You'll find the elevators on your left.

The first number of your Senator's office is the floor where their offices are located. For example, if their office is 3000, you will want to visit the 3rd floor.

Ask for help! If you get lost or cannot find your meeting location, ask for help from someone in the building or call Peter Woitock at 651-789-9854 or 612-202-3033.

Give yourself plenty of time to get to your meetings! It's easy to get lost or turned around. Giving yourself plenty of time to navigate the Capitol buildings will help make sure you don't miss your meetings!
